Summary of Legislation

This bill, **recommended by the Committee on Legal Services**, provides for the continuation of certain state department rules and regulations and the expiration of others. The bill reflects a review of state department rules and regulations that were adopted or amended on or after November 1, 2015, and before November 1, 2016.

Rules are scheduled for expiration in the rule review bill when the Committee on Legal Services finds that the rule lacks statutory authority or conflicts with state law. Under the bill, the discontinued rules summarized in Table 1 expire on May 15, 2017. The bill also postpones the expiration of all Public Employees' Retirement Association rules and regulations that were adopted or amended between November 1, 2015, and November 1, 2016.

Department	Topic area of expiring rules	Number of rules expiring
Human Services	State Board of Human Services (Fraud Penalties)	1
Labor and Employment	Division of Oil and Public Safety (Petroleum Storage Tanks)	47
Public Health and Environment	Water Quality Control Commission	1
Revenue	Taxpayer Service Division/Division of Motor Vehicles	12
Education	School Transportation	40

State Expenditures

Overall, in the current FY 2016-17 and FY 2017-18, this bill increases the workload for affected state departments to align their policies and procedures with state law. For departments that have some expiring rules, workload will increase to adopt emergency rules, re-promulgate rules, or update materials and procedures to align with the change in rules. Additionally, workload will decrease for departments that have all of their rules extended, as departments will not need to promulgate new rules. These workload impacts do not require a change in appropriations for any state department.

Statutory Public Entity. The Public Employees' Retirement Association will see a decrease in workload from what they would have done had all of their rules expired, as well as a minimal workload increase to update materials.

Effective Date

The bill was signed into law by the Governor and took effect on April 28, 2017.
