

HOUSE COMMITTEE OF REFERENCE REPORT

Chairman of Committee

May 5, 2017
Date

Committee on Health, Insurance, & Environment.

After consideration on the merits, the Committee recommends the following:

SB17-242 be amended as follows, and as so amended, be referred to the Committee of the Whole with favorable recommendation:

- 1 Amend reengrossed bill, page 2, after line 1 insert:
2 "SECTION 1. Legislative declaration. (1) The general
3 assembly finds and declares that:
4 (a) Behavioral health problems and disorders affect a wide range
5 of Americans and include problems ranging from unhealthy stress or
6 subclinical conditions to diagnosable and treatable disorders, such as
7 serious mental health and substance use disorders. These illnesses and
8 disorders are often chronic in nature, but individuals can, and do, recover
9 from them with the help of a variety of interventions, including medical
10 and psychosocial treatments, self-help, mutual aid, and recovery supports;
11 (b) The substance abuse and mental health services administration
12 (SAMHSA) offers the national behavioral health quality framework as a
13 guiding document for the identification and implementation of key
14 behavioral health quality measures for use in agency or system funding
15 decisions, monitoring the behavioral health of the nation, and the delivery
16 of behavioral health care;
17 (c) SAMHSA recognizes the importance of looking beyond
18 national quality strategy endorsement for measures that capture the
19 breadth of behavioral health activities addressed by SAMHSA and the
20 federal department of health and human services, particularly those for
21 which the evidence base is not mature or areas in which data collection
22 is still evolving because the field of behavioral health quality
23 measurement is relatively young in its development; and
24 (d) SAMHSA, health and human services partners, other federal

1 colleagues, and many private sector behavioral health entities are
2 committed to appropriately describing, measuring, and implementing
3 quality behavioral health care.

4 (2) Therefore, the general assembly finds it is critical to use
5 appropriate terminology regarding behavioral health, including mental
6 health and substance use disorders, throughout the Colorado Revised
7 Statutes.

8 **SECTION 2.** In Colorado Revised Statutes, 2-4-401, **amend** (1);
9 and **add** (1.1) as follows:

10 **2-4-401. Definitions.** The following definitions apply to every

14 ACTIONS THAT AFFECT AN INDIVIDUAL'S OVERALL WELLNESS.
15 BEHAVIORAL HEALTH PROBLEMS AND DISORDERS INCLUDE SUBSTANCE

17 MENTAL HEALTH DISORDERS. PROBLEMS RANGING FROM UNHEALTHY

11 **"SECTION 108.** In Colorado Revised Statutes, 13-80-103.7,
12 **amend as amended by House Bill 17-1046** (3.5)(a) as follows:

13 **13-80-103.7. General limitation of actions - sexual assault or**
14 **sexual offense against a child - six years.** (3.5) (a) For the purpose of
15 this section, "person under disability" means any person who is a minor
16 under eighteen years of age, a person who has been declared mentally
17 incompetent, or a person under other legal disability and who does not
18 have a legal guardian. "Person under disability" also includes a victim of
19 a sexual assault when the victim is in a special relationship with the
20 perpetrator of the assault or is a victim of a sexual offense against a child
21 or is a victim who is residing in an institutional facility, such as a nursing
22 home, regional center, or residential facility for the treatment and care of
23 persons with a BEHAVIORAL OR mental ~~illness~~ HEALTH DISORDER or for
24 the care of persons with intellectual and developmental disabilities and
25 where the victim is psychologically or emotionally unable to acknowledge
26 the assault or offense and the resulting harm. For the purpose of this
27 subsection (3.5), "special relationship" means a relationship between the
28 victim and the perpetrator of the sexual assault which is a confidential,
29 trust-based relationship, such as attorney-client, doctor-patient,
30 psychotherapist-patient, minister-parishioner, teacher-student, or familial
31 relationship. It is the intent of the general assembly to leave in place the
32 six-year limitation for adults subjected to a sexual assault except in the
33 situations described in this subsection (3.5)(a) in which the victim is in a
34 special relationship with the perpetrator of the assault. In the
35 circumstances in which a victim is in a special relationship with the
36 perpetrator of the assault or is a victim of a sexual offense against a child
37 or a victim who is residing in an institutional facility, such as a nursing
38 home, regional center, or residential facility for the treatment and care of
39 persons with a BEHAVIORAL OR mental ~~illness~~ HEALTH DISORDER or for

1 the care of persons with intellectual and developmental disabilities and
2 where the victim is psychologically or emotionally unable to acknowledge
3 the assault or offense and the resulting harm, the six-year limitation ~~shall~~
4 ~~be~~ IS tolled until the disability is removed. For the purpose of this section,
5 where the plaintiff is a victim of a series of sexual assaults or sexual
6 offenses against a child, the plaintiff need not establish which act of a
7 series of acts caused the plaintiff's injury, and the statute of limitations set
8 forth in this section commences with the last in the series of acts, subject
9 to the provisions of this section regarding disability. However, as
10 elements of the cause of action, a person under disability who is
11 psychologically or emotionally unable to acknowledge the assault or
12 offense and the resulting harm has the burden of proving that the assault
13 or offense occurred and that ~~the person~~ HE OR SHE was actually
14 psychologically or emotionally unable to acknowledge the assault or
15 offense and the resulting harm."
