than 3.2% alcohol by weight or 4% alcohol by volume, referred to as "malt liquor".

The bill modifies laws governing the retail sale of fermented malt beverages, which will be synonymous with malt liquor as of January 1, 2019, as follows:

- Effective January 1, 2019, prohibits a fermented malt beverage retailer's employees who are under 21 years of age from selling, dispensing, delivering, handling, or otherwise having any contact with malt liquor for sale on or sold and removed from the licensed premises (sections 3 and 11 of the bill);

- As of the effective date of the bill, eliminates the fermented malt beverage retailer's license type that allows a retailer to sell malt liquor for consumption both on and off the licensed premises and prohibits renewal of existing on- and off-premises licenses on or after that date (sections 2 and 4);

- For fermented malt beverage retailer licenses authorizing the sale of malt liquor for off-premises consumption issued or renewed on or after January 1, 2019, the retailer: Must derive at least 20% of its gross annual sales revenues from the sale of food items and, for an establishment that is less than 10,000 square feet in size, must limit the shelf space dedicated to the sale of malt liquor to 100 linear feet, or, for a licensed premises that is 10,000 square feet or more in size, must limit the shelf space dedicated to the sale of malt liquor to 300 linear feet; cannot sell malt liquor to consumers at a price that is below the retailer's cost to purchase the malt liquor, with limited exceptions; cannot allow customers to use a self-checkout mechanism to purchase malt liquor; and may operate under a single or consolidated corporate entity but cannot commingle purchases for multiple licensed premises to secure a better wholesale price based on total product volume purchased (section 4);

- As of the effective date of the bill, allows a local licensing authority to deny a new fermented malt beverage retailer's license if issuance of the new license would create an undue concentration of licenses that allow the sale of alcohol beverages at retail for off-premises consumption and require additional law enforcement resources (sections 5 and 7);

- As of the effective date of the bill, prohibits the state and local licensing authorities from issuing a new fermented malt beverage retailer's license authorizing the sale of malt beverages.

As of the effective date of the bill, precludes issuance of a new fermented malt beverage retailer's license or the relocation of an existing fermented malt beverage retail licensed premises if the building in which malt liquor will be sold is located within 500 feet of a school, unless an exception applies or the local licensing authority or local governing body authorizes an exception within its jurisdiction (section 7);

Allows a local licensing authority to adopt a temporary moratorium on the issuance of new fermented malt beverage retailer's licenses between the effective date of the bill and December 31, 2018 (section 7);

Prohibits the sale of malt liquor in a sealed container by a fermented malt beverage retailer on Christmas day (section 11); and

Requires a licensed fermented malt beverage retailer to check the identification of its customers who attempt to purchase malt liquor to verify each customer is at least 21 years of age (section 11).

With regard to the retail sale of malt, vinous, or spirituous liquors by retail liquor stores or liquor-licensed drugstores, the bill:

Modifies requirements pertaining to the delivery of malt, vinous, or spirituous liquors by a retail liquor store or liquor-licensed drugstore to: Require the delivery to be made by a store employee who is at least 21 years of age and is using a store-owned or store-leased vehicle; require the person delivering the product to verify that the person receiving the delivery is at least 21 years of age; restrict the licensee to delivering alcohol beverages and items related to the service or consumption of alcohol beverages only; and limit total sales revenues from delivered alcohol beverage products to 50% of gross annual alcohol beverage sales (sections 8 and 9);

Modifies provisions governing tastings conducted at a retail liquor store or liquor-licensed drugstore, including
allowing tastings to be conducted: Between 11 a.m. and 9 p.m.; on up to 156 days per year; and by a representative of the alcohol beverage supplier (section 5);

! Specifies that if an employee or representative of an alcohol beverage supplier pours or serves the supplier's product during a tasting at a retail establishment, that service does not constitute labor provided by a supplier to a retail licensee (section 6);

! Allows a local licensing authority, when reviewing an application for a new retail liquor store license, to deny the application if issuance of the license would create an undue concentration of licenses that allow the sale of alcohol beverages at retail for off-premises consumption, rather than an undue concentration of the same class of license (sections 5 and 7);

! Applies the 1,500-foot radius restriction, rather than the 3,000-foot restriction, to a retail liquor store or liquor-licensed drugstore premises located in a municipality with a population of 10,000 or fewer that is contiguous to the city and county of Denver (sections 5, 8, and 9);

! Prohibits a retail liquor store from selling alcohol beverages to consumers at a price that is below the retailer's cost to purchase the alcohol beverages, with limited exceptions, and allows the same exceptions to the restriction on below-cost sales applicable to liquor-licensed drugstores under current law (sections 8 and 9);

! Allows retail liquor store and liquor-licensed drugstore licensees with multiple locations to operate under a single or consolidated corporate entity but prohibits commingled purchases for multiple licensed premises to secure a better wholesale price based on total product volume purchased (sections 8 and 9); and

! Allows a liquor-licensed drugstore that applied for its license after July 1, 2016, to obtain additional liquor-licensed drugstore licenses, if obtained in the manner specified in current law for other liquor-licensed drugstores to obtain additional licenses, as follows: a maximum of 2 licenses between January 1, 2019, and January 1, 2022; a maximum of 3 licenses between January 1, 2022, and January 1, 2027; and a maximum of 4 licenses on or after January 1, 2027 (section 9).

Current law prohibits the public consumption of malt, vinous, and spirituous liquors except on a premises licensed to sell alcohol beverages for consumption on the licensed premises. Section 11 includes fermented malt beverages within the prohibition against public consumption and
authorizes a local government, by rule, regulation, ordinance, or resolution, as applicable, and the parks and wildlife commission to authorize public consumption within their respective jurisdictions.

With regard to the enforcement authority of the state and local licensing authorities, section 10:

- Specifies the fine amount, if a fine is imposed, when a licensed retail establishment sells alcohol beverages to minors or to visibly intoxicated persons; and
- In determining the suspension or fine to impose for that violation, precludes consideration of violations that occurred more than 5 years before the current violation.

Be it enacted by the General Assembly of the State of Colorado:

SECTION 1. Legislative declaration. (1) The general assembly finds and declares that:

(a) Prior to July 1, 2016, Colorado liquor laws strictly limited the ability of retail establishments to sell various alcohol beverage products in sealed containers for off-premises consumption by, among other provisions, imposing the following restrictions:

(I) With regard to persons licensed as a retail liquor store or liquor-licensed drugstore, which is a retail establishment that operates a state-licensed pharmacy on site, which license authorizes the retail sale of beer, wine, and spirits for off-premises consumption only, limiting those persons to having an interest in only one such retail license; and

(II) For retail establishments such as grocery stores, convenience stores, and other chain-type establishments that consist of multiple locations, those persons were permitted to obtain only a fermented malt beverage retailer's license under the "Colorado Beer Code" that authorized the sale of beer with a maximum alcohol content of 3.2% alcohol by weight or 4% alcohol by volume; except that a grocery store that operates a state-licensed pharmacy could obtain one liquor-licensed
drugstore license for a single location;

(b) In 2016, the general assembly enacted Senate Bill 16-197, which dramatically altered the landscape of the off-premises retail liquor industry by:

(I) Permitting retail liquor stores and liquor-licensed drugstores to obtain multiple licenses to sell beer, wine, and spirits at more than one licensed establishment, subject to restrictions based on proximity to an existing retail liquor business and other requirements; and

(II) Eliminating, as of January 1, 2019, the maximum alcohol content of beer sold by fermented malt beverage retailers;

c) In an effort to ease the effect of these dramatic changes in the law on the liquor industry, the legislation directed the state licensing authority to convene a working group consisting of members of the industry to develop an implementation process for the transition, including a process for grocery and convenience stores to apply for a license to sell beer with no alcohol content limits;

d) While the working group convened for over a year following the passage of SB16-197, the group was not able to come to a consensus on how to implement the transition and thus did not develop an application process; and

e) Accordingly, effective January 1, 2019, the definition of fermented malt beverages will no longer contain an alcohol content limit, and it is therefore important to enact legislation to establish safeguards and parity among retail establishments and ensure public health and safety given that, as of January 1, 2019, a fermented malt beverage retailer will be able to sell beer with no maximum alcohol content under its existing license and without having to apply for or obtain a new license.
