None.	

Current Appropriations Clause in Bill

The bill neither requires nor contains an appropriation clause for FY 2018-19.

Points to Consider

Future Budget Processes

This bill would not definitively require any additional expenditures in FY 2018-19. However, to properly implement this legislation, the Department of Natural Resources would likely have to submit a budget request to adjust FY 2018-19 appropriations mid-year, or to adjust appropriations for FY 2019-20. The potential fiscal impact of the bill would be quantified and more precisely analyzed at that time.

TABOR/Excess State Revenue Impacts

As mentioned on page 2 of the Fiscal Note, the Division of Parks and Wildlife is an enterprise; therefore, its revenue is not subject to TABOR.
