Sales and Use Tax Simplification Task Force. The bill requires the department of revenue (department), within existing resources, to conduct a sourcing method in accordance with the applicable provisions of the procurement code, and any applicable rules, for the development of an electronic sales and use tax simplification system (system). The bill also requires the department to involve stakeholders to develop the scope of work.

The bill specifies that on and after the date the system is online the department is required to accept any returns and payments processed through the system for state sales and use tax and for any sales and use taxes that are collected by the department on behalf of any local taxing jurisdiction.

The bill specifies that it is the general assembly's intent that a certain number of local taxing jurisdictions with home rule charters voluntarily use the system when the system comes online. Additionally, the bill states that it is the general assembly's intent that all local taxing jurisdictions with home rule charters voluntarily use the system within a specified number of years.

1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1. Legislative declaration.** (1) The general assembly
3 hereby finds and declares that:

4 (a) The sales and use tax simplification task force (task force) has
5 met several times in the interim between the 2018 and 2019 legislative
6 sessions and has again heard testimony from both businesses and local
7 governments about the complex nature of our state and local sales and use
8 tax system;

9 (b) In enacting this act, the task force's objective is to take the next
10 step toward the development and implementation of an electronic sales
11 and use tax simplification system to be used by the state and local taxing
12 jurisdictions for the acceptance of returns and processing of payments for
13 the sales and use tax levied by the state and any local taxing jurisdictions;

1 (c) It is the task force's intent that the electronic sales and use tax
2 simplification system allow for various payment options, including
3 contributions by the state, local taxing jurisdictions, or retailers;

4 (d) It is the task force's intent to move forward with simplifying
5 certain administrative details of the state and local sales and use tax
6 system for the state and local taxing jurisdictions, but on an elective basis
7 for any municipality with a home rule charter in order to protect the
8 important legal authority of such entities as set forth in section 6 of article
9 XX of the state constitution; and

10 (e) It is the task force's intent that the cost of the initial funding
11 and ongoing maintenance of the electronic sales and use tax
12 simplification system be paid for from the additional sales tax revenues
13 that the state is receiving as a result of the United States Supreme Court's
14 decision in *South Dakota v. Wayfair, Inc., et al.*, which allowed states to
15 require retailers without physical presence in the state to collect sales tax
16 on purchases made by in-state customers so long as the sales tax system
17 in the state is not too burdensome for the out-of-state retailer.
