Current Appropriations Clause in Bill

The bill requires but does not contain an appropriation clause.

Description of Amendments in This Packet

J.001 Staff has prepared amendment **J.001** (attached) to add a provision appropriating \$109,679 cash funds from the Division of Insurance Cash Fund to the Department of Regulatory Agencies for FY 2019-20. This provision also states that the appropriation is based on the assumption that the Department will require an additional 0.4 FTE to implement the act.

Points to Consider

General Fund Impact

The Joint Budget Committee has proposed a budget package for FY 2019-20 based on the March 2019 Legislative Council Staff revenue forecast. The budget package leaves approximately \$65.2 million General Fund unallocated. This bill is anticipated to reduce General Fund revenues by \$109,679, reducing the excess General Fund reserve by the same amount.

Pursuant to Section 10-3-209 (4), C.R.S., taxes on insurance premiums are credited to the Division of Insurance Cash Fund (with a maximum transfer of five percent of premium tax collections) to cover appropriations made by the General Assembly. Any increase in appropriations reduces the amount of tax revenues deposited in the General Fund, thereby reducing the amount of General Fund available for other purposes.
