## Summary of Legislation

This bill allows a parent who voluntarily relinquished their child to petition the court to reinstate the parent-child relationship. The bill also clarifies the court procedure for when a respondent parent with a pending dependency and neglect case pursues voluntary relinquishment of their parental rights.

## Background

Under current law, county departments of human services, a guardian ad litem, or a child 16 year or older may petition the court to reinstate the parent-child relationship, if certain conditions are met. Under HB19-1104, a former parent is entitled to representation from the Office of Respondent Parents' Council during reinstatement proceedings.

## State Expenditures

Starting in FY 2020-21, workload to trial courts, the Office of the Child's Representative, and the Office of Respondent Parents' Counsel will increase to the extent there are additional petitions for reinstatement of parental rights. Because cases to reinstate parental rights under current law are rare, the fiscal note assumes that any additional workload from expanding reinstatement to voluntary relinquishment cases can be handled within existing appropriations.

## Local Government

To the extent there are additional reinstatement cases, case worker workload for county departments of human services will increase. The fiscal note assumes this workload to be minimal.

## Effective Date

This bill was signed into law by the Governor on March 20, 2020, and takes effect September 14, 2020, assuming no referendum petition is filed.
