J.001	Staff-prepared appropriation amendment

Current Appropriations Clause in Bill

The bill, as amended by the House Finance Committee, includes an appropriation clause that reduces the appropriation to the Governor's Office of Information Technology by \$1.0 million General Fund. However, this clause is included within the capital construction appropriation. Technically, the reduced appropriation requires its own appropriation section relative to the capital construction appropriation of \$1.0 million Capital Construction Fund to the Department of Natural Resources. Additionally, the bill title needs to be amended to reflect the reduced appropriation.

Description of Amendments in This Packet

J.001 Staff has prepared amendment **J.001** (attached) to change the existing clause to make the necessary technical corrections to the appropriations clause and bill title.
