Summary of Legislation

This bill creates the 11-member Colorado Interagency Working Group on School Safety (working group) in the Department of Public Safety (DPS). The working group, comprised of state and local agency officials, is tasked with increasing coordination of school safety programs across state government and reporting annually to the governor and the state legislature. The working group will begin meeting in FY 2021-22.

The working group includes representatives from the state departments of education, public safety, public health and environment, human services, and law, and local representatives from school districts and law enforcement. Members serve without compensation but those appointed by the Governor may be reimbursed for travel expenses. The working group is required to meet at least quarterly and may contract with a consultant to facilitate the working group's efforts to optimize and align effective school safety efforts. The General Assembly may appropriate money to the working group for a consultant if requested. The working group is required to study and implement recommendations of the 2019 Office of the State Auditor's report regarding school safety, among other required duties

The School Safety Resource Center in the DPS serves as the clearinghouse for all materials produced by the working group, and the Division of Criminal Justice in the DPS, in consultation with the CDE, is required to provide resources for data collection, research, analysis, and publication for the working group's findings.

The bill creates a new cash fund and allows the DPS and the working group to accept gifts, grants, and private donations. The working group is repealed September 1, 2023, following a sunset review prepared by the Department of Regulatory Agencies.

State Revenue

The bill permits the working group to accept gifts, grants, and private donations to the newly created Colorado Working Group on School Safety Cash Fund. No source of private revenue has been identified at this time.

State Expenditures

The bill has no state expenditures in FY 2020-21. The bill increases state General Fund expenditures by \$109,269 and 0.5 FTE in FY 2021-22, and by \$106,748 and 0.5 FTE in FY 2022-23 to the DPS. New expenditures are displayed in Table 2 and described below.

**Table 2
 Expenditures Under SB 20-123**

	FY 2020-21	FY 2021-22	FY 2022-23
Department of Public Safety			
Personal Services	-	\$41,148	\$44,888
Operating	-	\$1,100	\$700
Capital Outlay	-	\$6,200	-
Facilitation	-	\$45,000	\$45,000
Member Travel & Expenses	-	\$3,328	\$3,328
Centrally Appropriated Costs*	-	\$12,493	\$12,832
FTE – Personal Services	-	0.5 FTE	0.5 FTE
Total Cost	-	\$109,269	\$106,748
Total FTE	-	0.5 FTE	0.5 FTE

* Centrally appropriated costs are not included in the bill's appropriation.

Department of Public Safety. The Division of Criminal Justice in the DPS is required to provide resources for data collection, research, analysis, and publication of the working group's findings and reports. Based on similar work supporting the Colorado Commission on Criminal and Juvenile Justice, the DPS requires 0.5 FTE to support the new working group. The department also requires funding to reimburse members for travel and other expenses.

Facilitation. The DPS will contract with a consultant to facilitate working group meetings and to assist in the identification and prioritization of school safety issues. Assuming roughly 50 hours of contracted services for each of 4 quarterly meetings at a contract rate of \$225 per hour, facilitation of the working group is estimated to require \$45,000 per year.

Consultant Services. If requested by the working group, the General Assembly may appropriate additional resources for contracting with an outside consultant. Once convened, the working group may elect to request additional funding either through a supplemental funding request or as part of the annual budget process. Depending on the type of consultant services, this additional state expenditure is estimated between \$45,000 and \$130,000.

Centrally appropriated costs. Pursuant to a Joint Budget Committee policy, certain costs associated with this bill are addressed through the annual budget process and centrally appropriated in the Long Bill or supplemental appropriations bills, rather than in this bill. These costs, which include employee insurance and supplemental employee retirement payments, and leased space are estimated to be \$12,493 in FY 2021-22 and \$12,832 in FY 2022-23.

Effective Date

The bill takes effect upon signature of the Governor, or upon becoming law without his signature.
