food delivery organizations to apply for a grant. The bill states that it is the intent of the general assembly that food purchased through an award from the grant program be purchased and distributed on or before June 30, 2021.

Currently, grant awards through the grant program range from \$2,500 to \$35,000. The bill no longer caps the grant awards at \$35,000. The amount a grant recipient may use for direct and indirect costs is increased from 10% to 50%.

The repeal date is extended one year, to June 30, 2023.

1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1. Legislative declaration.** (1) The general assembly
3 finds that:

4 (a) Since March 2020, the state of Colorado has been dealing with
5 the health and economic impacts of the COVID-19 public health
6 emergency;

7 (b) The expenditures in the bill are necessary to respond to the
8 COVID-19 public health emergency;

9 (c) The expenditures in the bill were not accounted for in the
10 Colorado state budget most recently approved as of March 27, 2020, and
11 all of the expenses will be incurred on or before August 2021; and

12 (d) Any state department that receives expenditures in the bill for
13 community programs and services shall:

14 (I) Distribute funding in a manner that utilizes existing
15 infrastructure and contracts in the most expedited way possible; and

16 (II) Consider the needs of underserved populations and
17 communities, including African American communities, indigenous
18 communities, and other communities of people of color.

19 (2) The general assembly further finds and declares that:

20 (a) The COVID-19 public health emergency has created an

1 exponential need for emergency food resources for all emergency food
2 providers. The COVID-19 public health emergency has upended many
3 Colorado families' economic security and resulted in hunger insecurity,
4 which has increased by three times the pre-pandemic level. Since the
5 beginning of the COVID-19 public health emergency, food pantries
6 across the state have seen two to six times the number of people coming
7 in for food assistance, with many coming to a food pantry for the first
8 time.

9 (b) Funding from this legislation will help more than 150 local
10 food pantries purchase healthy, local food for more than 300,000
11 Coloradans. Funding for these grants provides critical resources for food
12 pantries to meet the increased demand, while also helping to purchase the
13 types of food their communities need from local food producers.

14 (c) Food banks and food pantries need to have additional funding
15 to allow for the increased indirect costs they are facing, such as increased
16 capacity, need for refrigeration, decreased numbers of elderly volunteers,
17 heating for people waiting outside, and increased delivery needs.

18 (3) Therefore, the general assembly determines that funding from
19 this legislation will help people in communities throughout Colorado
20 access nutritious food and support local economies as we enter the
21 years-long economic impact of the COVID-19 public health emergency.

22 **SECTION 2.** In Colorado Revised Statutes, 26-2-139, **amend**
23 (1)(b), (2), (3)(b), (4)(a) introductory portion, (4)(b), (4)(c), and (5) **as**

27 \$5,000,000 is appropriated to the department of human services. This

1 appropriation is from the general fund and is based on an assumption that
2 the department will require an additional 0.5 FTE. To implement this act,
3 the department may use this appropriation for the food pantry assistance
4 grant program created in section 26-2-139, C.R.S.

5 **SECTION 4. Safety clause.** The general assembly hereby finds,
6 determines, and declares that this act is necessary for the immediate
7 preservation of the public peace, health, or safety.
