Summary of Legislation

Under current law, the Colorado State Fair Authority is required to provide its annual report to the Governor and House and Senate Agriculture Committees by October 31. The bill moves the reporting deadline to January 31 or 10 days after the Legislative Audit Committee releases the authority's financial audit, whichever is later, and requires that the report be provided to the Governor and all 100 members of the General Assembly.

State Expenditures

The Department of Agriculture will have an increase in expenditures to publish copies of the State Fair Authority's annual report for all members of the General Assembly. This increase can be accomplished within existing appropriations.

Effective Date

The bill takes effect 90 days following adjournment of the General Assembly sine die, assuming no referendum petition is filed.
