TABOR Refund		-	-

Summary of Legislation

This bill requires the Department of Health Care Policy and Financing (HCPF) to obtain a vendor to provide statewide training on a comprehensive care coordination and treatment model that is available through teleconferencing to professionals who work with individuals with intellectual and developmental disabilities and co-occurring behavioral health needs. HCPF must obtain a vendor by January 1, 2022. By March 1, 2022, case management agencies, mental health centers, and other approved service agencies must nominate one provider to be trained in the comprehensive care coordination model. Up to 20 providers may be selected for training and an additional 10 providers from underserved areas must be selected by HCPF with coordination from case management agencies. All participating providers must complete the training by March 30, 2023, and HCPF must reimburse participating providers for the time spent in training.

State Expenditures

This bill will increase state expenditures in HCPF by \$67,680 in FY 2021-22 and \$135,360 in FY 2022-23 to contract with a vendor to train select providers. HCPF will have total costs of \$115,200 to contract with a vendor, based on an estimated 576 hours of contractor time at a rate of \$200 per hour, with 192 hours occurring in FY 2021-22. In addition, HCPF will have costs of \$87,840 to reimburse providers for attending the training, split across two years. Reimbursement is based on 4 hours of training every two weeks over a 48-week period (or 24 total trainings) for 30 individuals and an average rate of \$30.50 per hour. Eight of the trainings will occur in FY 2021-22.

Table 2
Expenditures Under HB 21-1166

	FY 2021-22	FY 2022-23
Department of Health Care Policy and Financing		
Contractor Costs	\$38,400	\$76,800
Provider Reimbursement	\$29,280	\$58,560
Total Cost	\$67,680	\$135,360

Effective Date

This bill was signed into law by the Governor and took effect on June 15, 2021.
