agencies (department), as specified in the department's sunset review of the state board of optometry (board), as follows:

- **Sections 1 and 2** of the bill continue the board and the regulation of optometry for 11 years, until September 1, 2033;
- **Section 3** authorizes the board to expand the definition of the practice of optometry by rule to include any service, procedure, or treatment that is within the training and skills of optometrists based on the standardized examination required for licensure;
- **Section 4** removes the exemption for optometrists from the requirement to notify the board in the event that the optometrist is unable to treat patients with reasonable skill and safety; and
- **Section 5** removes references to the "National Board of Examiners in Optometry" and clarifies that the board may designate any national standardized examination that tests the applicant's ability to practice optometry as a requirement for licensure.
