# Final Fiscal Note

**Drafting Number:** LLS 22-0697  
**Prime Sponsors:** Rep. Pico  
Sen. Hisey

**Date:** September 15, 2022  
**Bill Status:** Postponed Indefinitely  
**Fiscal Analyst:** Annie Scott | 303-866-5851  
Annie.Scott@state.co.us

**Bill Topic:** INELIGIBLE JURORS VOTER REGISTRATION

**Summary of Fiscal Impact:**

- State Revenue
- State Expenditure
- State Transfer
- TABOR Refund
- Local Government
- Statutory Public Entity

The bill would have required that the State Court Administrator provide the Secretary of State with a report of all persons who report as ineligible to serve as a juror due to citizenship or county of residence; the Secretary of State would have provided this information to each county clerk and recorder and the voter registration of these electors would have been cancelled. This bill would have increased state expenditures in FY 2022-23 only, and increased state and local workload on an ongoing basis.

**Appropriation Summary:** For FY 2022-23, the bill would have required an appropriation of \$84,600 to the Department of State.

**Fiscal Note Status:** The fiscal note reflects the introduced bill. This bill was not enacted into law; therefore, the impacts identified in this analysis do not take effect.

**State Fiscal Impacts Under HB 22-1084**

		Budget Year FY 2022-23	Out Year FY 2023-24
Revenue		-	-
Expenditures	Cash Funds	\$84,600	-
Transfers		-	-
Other Budget Impacts		-	-

## **Summary of Legislation**

The bill requires that, on a monthly basis, the State Court Administrator provide the Secretary of State with a report of all persons who report as ineligible to serve as a trial or grand juror because they are either not a citizen or do not reside in the county in which they are summoned for juror service. On a monthly basis, the Secretary of State will provide this information to each county clerk and recorder. The county clerk and recorder must cancel the registration of these electors.

## **State Expenditures**

This bill impacts state expenditures in two main areas, as outlined below.

**Department of State.** For FY 2022-23 only, the bill increases state cash fund expenditures by \$84,600 in the Department of State to make changes to the Statewide Voter Registration System (SCORE). These changes will allow SCORE to receive data from the Judicial Department, and to send data to each county clerk and recorder. These system modifications require 720 hours of contract staff time at a rate of \$120 per hour. The fiscal notes assumes that the data provided by the Judicial Department will contain the necessary information required to identify the ineligible elector within SCORE and to confirm it is the correct person, including full first and last name, full date of birth, county, and either prior address or last four digits of the elector's social security number. The bill will also increase the Department of State workload on an ongoing basis to oversee and process the data transfers.

**Judicial Department.** The bill requires information technology staff in the Judicial Department to create a new code in the case management system to identify persons who are ineligible to serve as a juror for the reasons outlined in the bill, and build out reporting capabilities to provide the information to the Department of State. In addition, the court services staff will have an increase in workload to provide the required data. This workload increase does not require additional appropriations.

## **Local Government**

County clerk and recorders must review the reports issued by the Secretary of State and cancel voter registrations as required by the bill. This workload is minimal and is not expected to increase county expenditures.

## **Effective Date**

The bill was postponed indefinitely by the House State, Civic, Military, and Veteran's Affairs Committee on February 14, 2022.

## **State Appropriations**

For FY 2022-23, the bill would have required an appropriation of \$84,600 to the Department of State from the Department of State Cash Fund.
