Summary of Legislation

Under current law, jails must submit a quarterly report of data to the Department of Public Safety (until January 31, 2023) and the DPS must publish the data in a searchable and sortable format (until March 31, 2023). The bill extends these requirements indefinitely. In addition, the bill requires jails to collect the age of each inmate.

Background

House Bill 19-1297 established the requirement for jails to collect and report data on persons confined in jail and to report it to the DPS. The Jail Data Dashboard is online at:

https://cdpsdocs.state.co.us/ors/Data/Data_Instruments/HB1297/Dashboard/HB19-1297v3.html.

The [fiscal note for HB 19-1297](#) indicated that the DPS would require 0.5 FTE to establish the database, publish the data, and to provide technical support. Currently, 0.3 FTE is supporting the data reporting requirement through the end of FY 2022-23.

State Expenditures

The bill continues state expenditures in the DPS by about \$7,000 in FY 2022-23 and \$27,000 in FY 2023-24 from the General Fund. Expenditures are shown in Table 2 and detailed below.

Table 2
Expenditures Under HB 22-1208

	FY 2022-23	FY 2023-24
Department of Public Safety		
Personal Services	\$4,918	\$19,673
Centrally Appropriated Costs ¹	\$2,003	\$7,013
Total Cost	\$6,921	\$26,686
Total FTE	0.1 FTE	0.3 FTE

¹ Centrally appropriated costs are not included in the bill's appropriation.

Department Public Safety. Starting in FY 2022-23, the bill will continue expenditures in the DPS to continue to collect and publish jail data provided by counties by 0.3 FTE. Costs to continue this staffing in FY 2022-23 are prorated for an April 1 start date.

Centrally appropriated costs. Pursuant to a Joint Budget Committee policy, certain costs associated with this bill are addressed through the annual budget process and centrally appropriated in the Long Bill or supplemental appropriations bills, rather than in this bill. These costs, which include employee insurance and supplemental employee retirement payments, are shown in Table 2.

Other Budget Impacts

General Fund reserve. Under current law, an amount equal to 15 percent of General Fund appropriations must be set aside in the General Fund statutory reserve beginning in FY 2022-23. Based on this fiscal note, the bill is expected to increase the amount of General Fund held in reserve as shown in Table 1, which will decrease the amount of General Fund available for other purposes.

Local Government

Starting in FY 2022-23, workload to county jails will continue to report specified data to the DPS and to include inmates' ages. Jails are funded at the county level.

Effective Date

The bill was signed into law by the Governor on April 25, 2022, and takes effect on August 9, 2022, assuming no referendum petition is filed.

State Appropriations

For FY 2022-23, the bill requires and includes an appropriation of \$4,918 and 0.1 FTE from the General Fund to the Department of Public Safety.
