¹ Table 1 shows the new impacts resulting from changes to the program under the bill, and the continuing impacts from extending the program beyond its current repeal date. Because the bill continues a program without making any changes, there are no new impacts. The continuing program impacts will end if the bill is not passed and the program is allowed to repeal.

Summary of Legislation

The bill implements the recommendation in the 2021 Department of Regulatory Agencies sunset report on the Education Data Advisory Committee (EDAC) in the Colorado Department of Education by continuing the committee indefinitely. The EDAC is currently scheduled to repeal July 1, 2022.

Background

The Education Data Advisory Committee reviews data reporting requirements for redundancy, efficiency, and costs versus benefits; and data requests made to local education providers for statutory and regulatory compliance. The sunset report is available here:

Continuing Program Impacts

Based on the 2021 sunset review, the EDAC generates no revenue and expenses are paid by the CDE. In FY 2019-20, EDAC had expenditures of \$3,768, including \$1,475 for meals and approximately \$2,293 on printing. In FY 2020-21, EDAC had expenditures of about \$200. Members on the committee serve without per diem or travel reimbursements. If this bill is not enacted, the program will end on July 1, 2023, following a wind-down period, and state expenditures will decrease starting in FY 2023-24 by the amounts shown in Table 1.

Effective Date

The bill was signed into law by the Governor and took effect June 8, 2022.
