The bill would have required assisted living residence referral agencies to disclose privacy policies and an individual's right not to be contacted, and made other changes to referral agency requirements related to contracts and records. The bill would have minimally increased state workload on an ongoing basis.

Appropriation Summary: No appropriation was required.

Fiscal Note Status: The fiscal note reflects the introduced bill. This bill was postponed indefinitely by the Senate Health and Human Services Committee on March 2, 2023; therefore, the impacts identified in this analysis do not take effect.

Summary of Legislation

The bill requires that assisted living residence referral agencies provide prospective residents with their privacy policy and documentation that the prospective resident has the right to request not to be contacted in the future by the agency. The bill also modifies documentation and contract requirements, and requires that a referral agency not refer a prospective resident to more than a reasonable number of residences with the intent to deny other referral agencies a referral fee.

State Expenditures

The bill may minimally impact workload in the Consumer Protection section of the Department of Law. The bill modifies certain documentation requirements, which may result in a change in the number of complaints received. No change in appropriations is required.

Effective Date

The bill takes effect 90 days following adjournment of the General Assembly sine die, assuming no referendum petition is filed.
