participating state (remote state) for a privilege to practice dentistry or dental hygiene, as applicable, (compact privilege) in that state.

Under a compact privilege, the dentist or dental hygienist must practice within the scope of practice authorized for a dentist or dental hygienist licensed in the remote state and is subject to the remote state's licensing authority, which may, within the borders of the remote state, take adverse action against the dentist's or dental hygienist's compact privilege in order to protect the health and safety of its citizens. If a remote state, acting through its licensing authority, takes adverse action, the dentist's or dental hygienist's compact privilege in all remote states is removed until any restriction on the compact privilege is removed. Only the participating state in which the dentist or dental hygienist is licensed may take adverse action against the dental or dental hygienist's license; however, a remote state may take adverse action against the dentist's or dental hygienist's compact privilege in the remote state.

The compact creates the dentist and dental hygienist compact commission (commission). The commission consists of one commissioner from each participating state who is selected by the state's licensing authority. The compact authorizes the commission to create the administrative structure for the compact, including granting the powers necessary to establish and operate the commission, adopt rules and bylaws, establish an executive committee, hire employees, establish an office, and conduct the commission's meetings. Further, the commission shall develop and maintain a coordinated database and reporting system to include significant investigatory information from participating states concerning the dentist's or dental hygienist's practice and to record any adverse action against the dentist or dental hygienist.

To pay the costs associated with the compact, the compact authorizes the commission to levy and collect an annual assessment from each participating state and to impose fees on licensees for the granting or renewal of a compact privilege; except that an active military member or the member's spouse will not be required to pay the commission's fee for a compact privilege.

The compact includes provisions governing disputes among participating states and between the commission and a participating state, enforcement provisions, and withdrawal of participating states from the compact.

The compact is effective for participating states on the date on which the compact is enacted in the seventh participating state.
