Bill Summary

(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. If this bill passes third reading in the house of introduction, a bill summary that applies to the reengrossed version of this bill will be available at <http://leg.colorado.gov>.)

The bill removes the ability of a firefighter employer to select accident insurance, self-insurance, or a self-insurance pool as options to provide statutorily required monetary benefits to a firefighter who has experienced a heart and circulatory malfunction. As a result, a firefighter employer must participate in a multiple employer health trust in order to provide such benefits.
