2 establish different requirements appropriate to the various types of skilled

7 already licensed under this title 25, and providers that are solely or
8 substantially privately funded. This differentiation must include
9 consideration of the requirements already imposed by other federal and
10 state regulatory agencies and must require the department of health care
11 policy and financing and the department to work jointly to resolve
12 differing requirements. The rules must include the following:

13 (g) (I) **Fees for home care agency licensure.** Home care agency
14 fees are payable to the home care agency cash fund. The annual fee must

21 medicare services, and that allows for reduced fees for home care
22 agencies that are certified prior to initial license application. The
23 department shall not charge a duplicate fee for survey work conducted
24 pursuant to its role as state survey agency for the federal centers for
25 medicare and medicaid services or the Colorado department of health care
