JBC Staff Analysis

cash funds from the Division of Professions and Occupations Cash Fund to the Department of Regulatory Agencies for FY 2024-25. Of that amount, \$35,000 is further reappropriated to the Office of Information Technology within the Office of the Governor. This provision also states that the appropriation is based on the assumption that the Department will require an additional 0.5 FTE.

Points to Consider

Future Fiscal Impact

The bill is projected to require cash fund appropriations of \$252,112 in FY 2025-26 and \$399,211 in FY 2026-27.

TABOR Impact

If the March 2024 revenue forecast adopted by the Joint Budget Committee (JBC) projects a TABOR surplus liability for FY 2024-25 or for FY 2025-26, these sums must be refunded to taxpayers out of the General Fund. Legislation that increases non-exempt revenue (such as cash funds) to the State will further increase the TABOR refund made out of the General Fund. This will reduce the amount of General Fund available for programs.

The JBC is developing a budget package for FY 2024-25. This bill is estimated to increase cash fund revenues by \$942,425 in FY 2025-26, which will reduce the available General Fund by \$902,488. In FY 2027-28 and every two years thereafter, this bill is estimated to increase cash fund revenues by \$802,200, which will reduce the available General Fund in each fiscal year by an equal amount.
