Summary of Legislation

The bill prohibits a municipality from annexing lands that are within the boundaries of a reservation or a federally recognized Indian tribe unless the tribal government issues a resolution or ordinance that approves the annexation of the land in question.

State Expenditures

The Community Development Office within the Department of Local Affairs will undertake additional review of any annexation decisions to ensure that those occurring on or near tribal lands are accompanied by an appropriate resolution before proceeding with the land use planning. These changes in workload will be minimal; no change in appropriations is required.

Local Government

To the extent the bill prevents an unauthorized annexation, local revenues and expenditures will decrease for a municipality that was seeking annexation of tribal lands. The exact impacts to local municipalities that border tribal lands will depend on their future decisions to annex land.

Effective Date

The bill was signed into law by the Governor and took effect on June 6, 2024.
