SENATE
Amended 2nd Reading
February 14, 2025

The bill defines a "specified semiautomatic firearm" as a semiautomatic rifle or semiautomatic shotgun with a detachable magazine or a gas-operated semiautomatic handgun with a detachable magazine. The bill prohibits knowingly manufacturing, distributing, transferring, selling, or purchasing a specified semiautomatic firearm; except that a person may transfer a specified semiautomatic firearm to an heir, an individual residing in another state, or a federally licensed firearm dealer.

Unlawful manufacture, distribution, transfer, sale, or purchase of a specified semiautomatic firearm is a class 2 misdemeanor; except that a second or subsequent offense is a class 6 felony. The department of revenue shall revoke the state firearms dealer permit of a dealer who unlawfully manufactures, distributes, transfers, sells, or purchases a specified semiautomatic firearm. The Colorado bureau of investigation shall deny the transfer of a firearm to a person who was convicted of misdemeanor unlawful manufacture, distribution, transfer, sale, or purchase of a specified semiautomatic firearm within 5 years prior to the transfer. A person convicted of felony unlawful manufacture, distribution, transfer, sale, or purchase of a specified semiautomatic firearm is prohibited from possessing a firearm or certain other weapons.

Existing law prohibits possession of a dangerous weapon. The bill defines "rapid-fire device" and classifies rapid-fire devices as dangerous weapons under Colorado law. The bill repeals the definition of "machine gun conversion device" and removes machine gun conversion devices from the list of dangerous weapons.
