Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management's assertion is presented in accordance with (or based on) the criteria, in all material respects. An examination involves performing procedures to obtain evidence about management's assertion. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of management's assertion, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

In our opinion, management's assertion referred to above is fairly stated, in all material respects, based on the criteria included in Section 24-51-101(42) C.R.S., Section 24-51-301 through 24-51-310 C.R.S., Section 24-51-401 C.R.S., Section 24-51-411 C.R.S., and the Colorado PERA rules.

This report is intended solely for the information and use of the above specified employers; Colorado PERA; and CliftonLarsonAllen LLP, Colorado PERA's auditors contracted by the Office of the State Auditor; and is not intended to be and should not be used by anyone other than these specified parties. This restriction is not intended to limit distribution of the report, which, upon release by the Legislative Audit Committee, is a matter of public record.
