Members of the Capital Development Committee:

On May 28, 2026, the Capitol Building Advisory Committee (CBAC) reviewed the proposed repairs to the accessibility lift for the House of Representatives lobby.

Vanessa Reilly, Chief Clerk of the House, and the Department of Personnel and Administration discussed the planned replacement of the lift and associated improvements to the electronics and design. They indicated that the new lift will be located within the same footprint as the current lift and thus not require modifications to historic design elements in the Capitol building.

CBAC recommends the Capital Development Committee approve this project.

Thank you for your consideration.

Sincerely,
